

## Sewing overtime

This morning I heard something about elementary school students... were they talking about me...?

I'm currently sewing a spring/autumn coat. I'll upload a picture of the finished product later.  
It was a little too long, you see?  
Can you tell?

I had to work overtime sewing today. The dress on the right no longer fits my shoulders, so I'm repurposing the waist tie into a coat.

["Economy and shoulder width are proportional"](#) - this didn't happen.

(Side note 1)

I sent [17 "proposals to government ministries"](#) for now.  
They need to be implemented... for the sake of the Japanese people.

(Side note 2)

I've been feeling the urge to pee a lot lately... frequent urination...?  
It doesn't seem to be a bladder infection, and I've been peeing quite close to the bladder for quite some time now.  
But because of that... I almost never wet myself.
