

There's no right or wrong when it comes to shedding tears

Are you actually rich...?

What does "rich" mean...? Does it simply refer to physical and monetary wealth?

(For example)

Normally... You pay others to do things for you that you can't do yourself.

➡ Income + Expenses

Me... I do everything myself (only the cost of materials).

➡ My income is minimal, but my expenses are extremely low.

Incidentally, because I do everything myself, I can do it anytime and immediately.

(I got a little sentimental)

The fire incident nearby last night

From the building name, it seems to be a man in almost the same economic circumstances as me

Just now, while playing "Future Forecast II" on the saxophone

For whatever reason, I became emotional and couldn't stop crying, so I skipped playing that song today.
